Kids' Puzzle Corner by J-P

December is a wonderful month. There are so many happy holidays. This week's puzzle celebrates Hanukkah — a Jewish holiday that starts at sundown on Thursday. Kids love it because it last 8 days. I chose eight words relating to this holiday that I'm sure you can easily find with the hints I am going to give you and the letters of the word "FESTIVAL." Ready, set, GO!

By Darcy Baxter

In order to have fifty high school students at school at 5:30 in the morning, something pretty exciting must be happening. And on November 20, 1996, New York City was what was happening. Loaded with food, music and, yes, even some homework, Lansing High School students were off on a 5 hour bus ride to the Big Apple.

Seeing the NYC skyline for the first time is an awesome sight. NYC harbors some of the most spectacular sights to be seen. Being there only for one day, we just scratched the surface with short visits to the Metropolitan Museum of Art, Times Square, Rockefeller Center, and Broadway. The Broadway show, "Beauty and the Beast", was one of the highlights of the trip with its magnificent scenery and outstanding performances.

To our good fortune, no one got lost or robbed, though the chaperones had to guide us through the cramped streets. I know I practically screamed "tourist" as I walked along with my head tilted toward the sky, astonished by the size of everything.

The trip was a lot of fun for both students and chaperones alike. Going to a city
