Suzuki has just achieved an extraordinary milestone in their quest to improve our streets and highways: they've introduced four exceptional new bikes! The GSX-R600 is a direct descendent of the dominant GSX-R750, #1 in the '96 AMA 750cc Supersport Series. The TL1000S integrates 90-degree V-Twin power with Euro styling to achieve a one-of-a-kind look. The hotrod-inspired Marauder 800 totally redefines muscle cruisers. And the Bandit 1200S takes the performance of the Bandit 600S to a whole new level. All are priced to move as fast as they look, so pick one out today. Your ride home will be greatly improved!
