

Mother's Day

I think my mom is special because she just got me a toy and it was a math game. I really think she is the best mom. She helps me when I'm sick. She supports me a lot for baseball in the summer. She makes dinner. If I didn't have her I do not know what I would do.

Mom Is Everything

Mom is everything
Mom is like an ocean
She is peaceful and quiet
But sometimes she is like thunder
She riots and shouts and blushes red

Mom is like a fluffy cloud
her touch is soft her hair is wavy
But sometimes she goes out in the cold
her hair turns sticky, her hands turn rough

Mom is like a happy bird
She sings very prettily
But sometimes her voice is rough
And booms like thunder

I love my Mom

Mom is like a nightingale
She is very beautiful
But sometimes she cuts her hair
and she doesn't look charming

Mom is like a flower
Light, colorful, and delicate
But sometimes she is a rainstorm
She rattles and roars, is loud and shouts.

This is how she is day after day my
mom is very special
Mom I love you!

Mothers Are Unbelievable

I am going to talk about the important role my mother has played in my life. My goal is to make everyday like Mother's Day for my mom.

To me a mother is loyal, supportive, dependable, a doctor, a nurse, a superstar, a role model, a teacher, she is one of the best friends I have. I can't marry my mother, but whenever I get married, I'll marry someone like her.

My mother and I recall good times and rough times and how we got through them together. My mother was doing her best for us to survive and together we made it. I remember all of the sacrifices my mother made to give me a decent life, so now I try to spoil her.

I try to spoil her all the time. I'll call her up and say "Let's go to a restaurant, I'm buying." She'll say: "Nah, I like my cooking better. She's sort of like me. Once everybody else is taken care of, then she's happy."

My mom is loving, caring, and heart warming. She works in Geneva hospital. She is a lab assistant. She helps me at my homework and takes me to the dentist and to the doctor for a checkup. I love her and she loves me.

Mother

Oh mother oh my mother
How can I thank you?
I could tell you I love you.
I'm still not sure that's enough
There is this feeling that words
can't explain
That's deep inside My heart.

My mom helps me read word I do not know. She lets me play softball, karate and swimming. Maybe she will let me play fall soccer. My mom loves me and I love her.

My mom sometimes gives me stuff I want. She is not mean to me unless I don't clean up my mess or fight with my brother or sister. She helps me with my homework and brings stuff to school if I forget something. She is really nice.

Whole world because when us kids
Need some thing for school and we
Forget it mom would bring it to school
For us. She helps us with our homework.
She gives us money to spend when we need

What My Mother Means To Me

My mother means a lot to me and she is very special. my mother's a special person because she is not like every one else. She does things in a way that anyone would love. When she talks to people she would treat everyone with respect even if they were mean and nasty to her. Some people would call her "Nigger" and she would say that's not nice to say to a person. Rhe way she treated everyone she saw, it surprised me.

Every Friday my mom lets us have slob night. Slob night is fun because we get to stay up late and have junkfood for dinner.

My mom is special because she always lets me play outside before I do my homework. I suppose my mom's favorite hobby is to sew. That's why my mom is special.
